Zeppelin Resumes World Flight From Los Angeles Tonight

HOME TOWN STUFF

Another picture post card has been received from friends on vacation in Colorado. This one is signed by two ladies, probably to show that there was no rivalry between them. It is from Denver, Colo., and reads as follows: "Making whoopee! Pearl and Irene." That has an intriguing sound. Just what is meant by whoopee is not known to the writer of this column, he being a staunch prohibitionist, but let that pass. It is all right, coming from friends. The captivating signatures to the card are the names of Mrs. S. W. Bailey and Mrs. J. A. Huber, that is to say, the names by which their husbands call them. Ordinarily a post card from a vacationist in Colorado is not appreciated, but this one is. In fact, any post card from lady friends is appreciated. The kind H. T. doesn't like are the ones sent by men who seem to want to rub it in on a hard-working person because the latter can't take a vacation.

A customer of this column sends in a critical communication. He says the word, "mad" was used incorrectly herein the other day in the write-up of the wandering hog. It was stated that a woman gets mad when a stray hog or dog roots or scratches up her flower bed. Now this word "mad" means insane, indicating a loss of reasoning faculties. Evidently you meant to use the meaning conveyed by the word "angry," which indicates loss of temper but not the loss of sanity," writes our correspondent who signs himself Jab.

As usual this column is right. It specializes in the use of high class English, selecting with extreme care from among the half a million or so words in our official language. This instant case was no exception. When this column says a woman is mad, it means just that. Anger doesn't express the proper shade of meaning when some animal invades a flower bed, upon which a woman has lavished much attention. If you don't believe this sort of thing will make a woman mad, just tell her you are the owner of the hog or dog which has just finished making havoc with her favorite flower bed and see whether you think the proper word to describe her state of mind is "mad" or "angry"? Try it yourself, Mr. Jab, with your own wife (if you have one, you write almost like a male person who has no wife or else has only recently acquired one), and see what reaction you get. After trying the experiment, if you don't agree with H. T. you are just plain dumb, as dumb as high-tariff Republican.

It isn't often that H. T. has in his heart a feeling that even remotely resembles hatred, but he had an emotion of this nature the other day. He was sweetly hot, feeling uncomfortable and dirty, while using all the proper efforts to keep cool, such as leaving off the coat and rolling up the sleeves. He met up with a friend, one of those skinny, slender men that one meets occasionally. This friend was wearing his coat. His brow was as dry as the Sahara Desert. His collar was unbuttoned by perspiration and he was just as cool and sanitary in his appearance as if he had just stepped out of the proverbial band box. If a spectacle like that on a hot day isn't enough to make a person angry, what is? Yes, what is?

Another thing we would like to know is where the California and Colorado people go on their vacations.

The paving on Lee highway has already reached a point about half way between Vernon and Lockett. Unless some delay is encountered the road

BIG AIR LINER SET FOR FINAL LEG OF VOYAGE

Route To Be Followed Will Bring Ship Over Texas—Pacific Flight Is Completed in Seventy-Eight Hours and Fifty-Eight Minutes.

Los Angeles Municipal Airport, Aug. 26.—(P)—Eleven o'clock tonight was fixed as the hour of departure of the Graf Zeppelin for Lakehurst, N. J., on the final leg of its flight around the world. Refueling will be completed by 8 o'clock and passengers have been ordered to be at the field ready to embark early in the evening.

Lieut. T. G. W. Settle, U. S. N., in charge of the landing operations, will be an additional passenger to Lakehurst.

The route to be followed will be via El Paso, Kansas City, St. Louis, Chicago and Cleveland, if weather conditions permit. An alternative route considered is via El Paso, New Orleans, Birmingham, Washington and Baltimore.

It is desired to have the Zeppelin fly over Cleveland during the national air races if weather conditions permit. Completing the third leg of its round-the-world flight, the dirigible landed here at 5:11 a. m. today, 73 hours, 58 minutes after it left Tokyo. The first non-stop flight across the Pacific thus became history. A well organized ground crew made short work of the landing, and the dirigible's nose was lashed to a 60-foot mooring mast to mark the completion of 16,880 miles of its world flight.

The first non-stop air flight across the Pacific, achieved in three days and seven hours was less than one-third the time the fastest trans-Pacific liners cross the ocean between Japan and Seattle.

Sixty persons made the voyage, 41 in the crew and nineteen passengers. After circling the city for nearly five hours waiting for the sunrise to light a way to the mooring mast, the ship nosed gently down, and her spider lines were seized by a contingent of marines and sailors.

Troops of the California National Guard marched onto the field, forming a human chain around the sky conqueror during the mooring work. Six naval planes circled overhead as the big silver ship came to earth.

The nose of the newest trans-Pacific liner touched the mooring mast at 5:55 a. m.

The first word from the passengers of the Zeppelin was from Lady Grace Drummond Hay of London.

AIR DERBYISTS TAKE OFF ON FINAL LAP OF TRIP

Columbus, Ohio, Aug. 26.—(P)—Fourteen contestants in the women's national air derby hopped off from Columbus today on the last lap of the race from Santa Monica, Calif., to Cleveland, scene of the national air races, with victory apparently in the grasp of Mrs. Louise McPhetridge Thaden of Pittsburgh.

MRS. THADEN IS LEADING DERBY

PITTSBURGH WOMAN SEEMS CERTAIN WINNER OF LONG AIR RACE

Columbus, Ohio, Aug. 26.—(P)—Victory in the women's national air derby from Santa Monica, Calif., to Cleveland seemingly was within the grasp of Mrs. Louise McPhetridge Thaden of Pittsburgh today as the motors of fourteen surviving derbyists were tuned up at Port Columbus for the last lap ending at the national air races at Cleveland.

The Pittsburgh aviatrix had an advantage of one hour and three minutes over her nearest rival, Gladys O'Donnell of Long Beach, Calif., in the standing of elapsed time for each leg of the cross-country flight.

The take-off from Port Columbus for the non-stop flight to Cleveland originally was scheduled for noon today but the women pilots postponed it until 1:15 p. m., at the request of airport officials. The lead-off position went to Mrs. Thaden.

Following is the standing of the contestants in elapsed time:

Heavy planes (D. W. class):
Mrs. Louise McPhetridge Thaden, Pittsburgh, 19:35:04.
Gladys O'Donnell, Long Beach, 20:32:25.
Ruth Nichols, Rye, N. Y., 21:15:45.
Amelia Earhart, Boston, 21:17:37.
Blanche Noyes, Cleveland, 23:45:51.
Ruth Elder, Beverly Hills, 25:27:17.
Mary Von Mack, Detroit, 28:28:52.
Neva Paris, Great Neck, N. Y., 28:33:36.
Thea Rasche, Germany, 30:01:55.
Opal Kunz, New York, 32:26:53.
Vera Dawn Walker, Santa Monica, 35:34:41.

Light planes (C. W. class):
Phoebe Omie, Memphis, 24:14:32.

Thieves Visit Oil Field Camp and Make Rich Haul

The theft of about \$100 in money and considerable clothing from three employees of the Phillips Petroleum Company of Rock Crossing was reported to the sheriff's office this morning. No trace as to the identity of the thieves was gained and no arrests had been made at noon today.

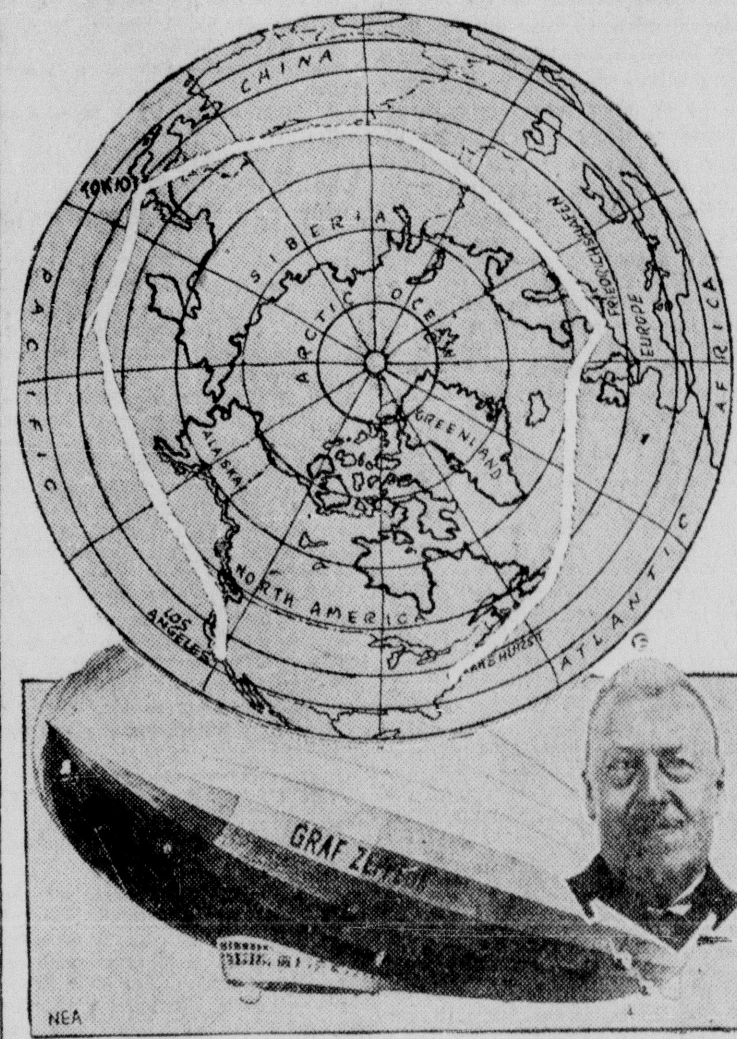

The robbery occurred last night while the men slept in the bunk house at the Phillips Camp in the Rock Crossing oil field. Three suits of clothing and a pair of trousers with about \$50 in checks and the balance in cash were missing from the room when the men awakened this morning. Another pair of trousers containing \$100 was not molested.

THREE KILLED IN KANSAS WHEN AIRPLANE WRECKS

Holton, Kan., Aug. 26.—(P)—Two men were killed and a third was injured fatally in an airplane crash here yesterday.

Bert Bartholomew, 30, pilot, and Robert Moore, 22, passenger, were killed. Jack Kincaid, 20, another passenger, died a few hours after the crash.

DEMOCRATS TO OPPOSE TARIFF

ORDERLY DEBATE AND OPEN VOTE IS PROMISED BY SENATE LEADERS

Washington, Aug. 26.—(P)—Democrats of the Senate finance committee were called today to begin detailed preparation of the organized effort they will undertake in the Senate next week to reduce many rates in the pending tariff bill and change administrative provisions.

Opposition to a large number, if not most, of the provisions in the bill as passed by the House and modified by the finance committee Republicans has been clearly indicated. At the same time, Democratic leaders have been at pains to disavow any intention to conduct a filibuster.

Latest assurance to that effect has come from Senator Harrison of Mississippi, who asserted "orderly, reasonable debate" and a "full and frank discussion of every item in the measure and a record vote on the various amendments" would be demanded, but that no filibuster would be attempted.

FEE SYSTEM COMMITTEE CONTINUES INVESTIGATION

Austin, Aug. 26.—(P)—The Legislature committee investigating the Texas fee system to ascertain the maximum incomes of county and district officials, resumed its work here today, calling Travis County officials to testify.

The committee, headed by Senator Pink Parrish of Lubbock, has taken testimony at Fort Worth, Dallas, Houston and San Antonio.

DEATH CLAIMS P. SERVATIUS

BODY OF AGED MAN SENT TO KANSAS TODAY FOR BURIAL

Peter Servatius, 75, of Vernon, died at his home on the Colorado-Gulf Highway yesterday afternoon at 5 o'clock. Funeral services were held this morning at 8:30 at the Holy Family Catholic Church, with Rev. E. J. Gerlich conducting the services.

The body was shipped to Ottawa, Kan., for burial.

Surviving Mrs. Servatius are his wife, Mrs. Mary Servatius; four sons, J. N. Servatius, Ottawa, Kan.; Will H. Servatius, Vernon; Joe Servatius, Ottawa, Kan.; and Earl Servatius, Vernon; four daughters, Mrs. Amos Loux, Ottawa; Mrs. Joseph Plasccha, Ottawa; Miss Gertrude Servatius and Miss Helen Servatius, Vernon; and a brother, Joseph Servatius of National City, Calif. All were present at his death and funeral except Mrs. Loux, of Ottawa.

Pall bearers this morning were J. E. Lutz, A. S. Thomas, U. S. Davis, O. Thiele, J. E. Wimsatt, and Dr. W. M. Schindler. The funeral was under the direction of Frost & Dobbs, local undertakers, who prepared the body for shipment and burial.

Murder Theory Held in Death Near Arlington

Arlington, Texas, Aug. 26.—(P)—A theory that Mrs. J. H. Victory, 47, found lying fatally injured on the Texas and Pacific railroad tracks near here, was murdered gained some credence today.

Mrs. Victory, who told her daughter of severe head pains and walked from her home out into the night, was removed from the tracks yesterday. She died two hours later.

TRUSTEES OF COUNTY HOLD ANNUAL MEET

Texas Rural School Aid Laws Declared Better Than Ever by Representative of Department of Education at Session in Vernon Today.

"The Texas rural aid law in effect for the coming school year is the best law you ever had," approximately 100 school trustees and teachers in the annual meeting of Wilbarger County trustees were told this morning by S. E. Clark, rural school supervisor for the department of education. With every common school district in the County represented by one or more trustees, unusual interest was shown in the annual session, held in the assembly room of the courthouse. Nearly a dozen teachers were attending the meeting.

Dr. E. F. Lyon, pastor of the First Baptist Church of Vernon, delivered the invocation and made a brief speech, stressing the importance of education and the part trustees have in shaping the destiny of youth. County School Superintendent Ercell W. Brooks acted as chairman of the meeting.

Mr. Clark's address was confined almost wholly to a discussion of school aid, and, more particularly, new features of aid laws. Schools qualifying this year will be given aid (Continued on page 8)

FOUR DEATHS IN AUTO WRECKS

HEAVY TOLL IS TAKEN IN VARIOUS TEXAS CITIES OVER WEEK-END

Dallas, Aug. 26.—(P)—The automobile left a trail of blood behind it in Texas Sunday.

At least four lives were lost in motor mishaps, and many persons were injured, some perhaps fatally.

The dead:

MISS KATHERINE MAY WHITE, 19, of Dallas.

W. H. HICKS, about 45, Camey Spur, Collin County.

GARLAND PEAT, 39, Elm Mott.

RALPH M. CRANE, 24, Beaumont.

Miss White died after an automobile carrying herself and six friends overturned near Arlington. The friends were injured, but not seriously. An ambulance en route to the scene turned turtle, injuring the driver slightly.

Hicks expired here in an ambulance bearing him to a hospital. A machine bearing him and four other persons collided with another. A woman was injured.

Peat's motor car went into a roadside ditch near Waco. His nephew, asleep, was unscathed.

Crane, authorities believed, fell asleep in a road near Beaumont and never awakened. A motorist who did not stop was blamed.

Two of three Mexican youths presumably fleeing from justice in an automobile said to have been stolen received serious injuries, the car overturned south of Laredo.

Mrs. Olen Collins, 29, of Houston, victim of a collision on the Galveston-Houston highway, may die, it is feared. Her husband, baby, father-in-law and mother-in-law suffered lesser hurts.

MAY SOLVE ROBBERIES OF CANADIAN, TEXAS, PEOPLE

Amarillo, Aug. 26.—(P)—Six prominent Canadian, Texas, residents who collectively lost several thousands of dollars in money, jewelry and clothing in burglaries held some hope for its recovery today.

Two suspects were held by the Canadian authorities yesterday.

DEATH TOLL IN FIGHTING IN JERUSALEM MOUNTING

(By The Associated Press.)

Severe fighting between Arabs and Jews over rights of religious worship at the Wailing Wall spread today into remote quarters of Palestine after terrorizing Jerusalem and its environs with three days of bloodshed and violence.

Twelve American Jewish students were on the death roll which authorities of the Biblical land of peace vainly attempted to estimate as reports of new clashes came in. Refugees escaping from Palestine to Beirut Syria, in French mandated territory, said the Arab attacks against Jewish communities had assumed the character of an open Arab revolt against the Government.

Massacres were reported to have occurred at Haifa, where a troop train was attacked by Arabs this morning. Some of the troops were disarmed. Fighting continued in the center of the town with three persons killed and many wounded, but Jewish defenders beat off Arab attacks from the Mount Carmel suburb.

At Jaffa last night Arabs attacked in force the Government offices. They were driven off by British police in a conflict in which five persons were killed and thirty wounded.

The violence of the outburst, of which the causes had long been observed, however, seemed to have taken the British governing body in Palestine by surprise.

It was persistently rumored in London that Lord Reading, former Viceroy of India and influential Jewish nobleman, would be charged with a special mission in Palestine in the near future.

He held a lengthy conference with Premier MacDonald.

GET RICH HAUL AT CORSICANA

YEGGS LOOT THREE SAFES AND MAKE GETAWAY WITH \$2,200 IN CASH

Corsicana, Aug. 26.—(P)—Burglars last night entered the Palace Theater, Montgomery Ward & Company's store and the office of the Texas National Insurance Union here and escaped with approximately \$2,200 in cash.

The Montgomery Ward & Company reported \$500 taken from a cash register, the insurance company placed its loss between \$200 and \$250 and Saturday and Sunday's receipts, amounting to \$1,400, were stolen from a safe at the theater.

The burglars apparently found little trouble in securing their loot from the Montgomery Ward store but at the other two places explosives were used to open the safes after the combinations were knocked off.

Entrance to all places was gained from the roof. The theater and the Montgomery Ward store are adjoining structures and the building housing the insurance office is located across an alley.

Police believed the work was that of professionals. They said the burglars erased their identity by wearing gloves.

AIRPLANE TOURISTS TO GET PRIVILEGES IN MEXICO

Mexico City, Aug. 26.—(P)—The Department of the Interior has instructed border officials at Nuevo Laredo and Matamoros to exclude from immigration and other requirements the party of American tourists to visit Monterrey Sept. 1 aboard 50 commercial planes.

Authorities at Monterrey are preparing a cordial reception for the visitors, and the air field there has been put in condition to facilitate landing and taking off of the machines, which are to make the trip from San Antonio.

IRREGULARITIES IN RECEIVERSHIP STEPS CLAIMED

Fort Worth Man Declares That Through Manipulations of Politicians and Lawyers It Cost \$292,805.61 To Collect Claim for \$316,311

Washington, Aug. 26.—(P)—Charged of fraud in receivership proceedings against Texas oil companies were laid before the Senate patronage committee today by Fred W. Strang, of Fort Worth, Texas, upon the committee's resumption of its investigation of Federal appointments in southern states.

Strang said he had known of many such cases and had been indicted in one himself. He told the committee "some men were arrested and thrown into receiverships and fined" while "others were not."

"Ninety percent of oil fraud fines were not paid," Strang said.

"Why not?" asked Senator McKellar, Democrat, Tennessee.

"I can't tell," the witness answered, "but eventually the properties wind up in the hands of politicians."

One affidavit, Strang said, was "typical of all the cases." It was signed by G. P. Edgell, whom Strang described as a "former Fort Worth oil man connected with the Republican machine but now on the outer edge of the circle."

The affidavit was ordered into the record by McKellar. It said that Edgell gave \$2,000 to Col. W. E. Talbot of Dallas, in behalf of Owen A. Wood, an oil man who, Edgell said, told him to "give it to Talbot to buy a new sedan."

Talbot, Strang testified, was a "political consort of R. B. Creager," the latter is chairman of the Republican national committee for Texas.

Talbot, Strang continued, was to intercede with Col. William J. Donovan, who was then assistant to the Attorney General, in an attempt to prevent proceedings against Wood.

"Does Talbot hold any public office?" McKellar asked.

"No," replied the witness, "but I believe he will if it can be arranged."

Wood, however, Strang went on, was convicted and sent to the penitentiary.

"Talbot's brother-in-law," he continued, "was put in charge of the property which was worth upwards of a million."

Strang charged that "so-called prosecutions against oil men were carried to the point of conviction and that then their properties disappeared."

"I hold no brief for the oil promoter," he said, "but something is radically wrong in Texas."

He added that through the "manipulations of politicians and lawyers," it cost \$292,805.61 to collect a claim for \$316,311.31 of one oil company against the Interior Department.

Bourland, Shipp Leave Tuesday on Good Will Tour

A. M. Bourland, president-manager of the West Texas Chamber of Commerce, and Grady Shipp, secretary of the Vernon Chamber of Commerce, will leave tomorrow afternoon for Stamford from where they will leave Wednesday on a good will tour which will take them through the principal towns and cities of Southwest Texas. Plans for the annual West Texas Chamber of Commerce convention, which will be held in El Paso October 24, 25 and 26, will be discussed at the various towns included in the itinerary.

Leaving Stamford Wednesday morning, Mr. Bourland and Mr. Shipp will go to Abilene, Sweetwater, Big Spring, and Midland, Thursday they will go to Odessa, Pecos, and El Paso. At El Paso they will confer with H. L. Birney, president of the El Paso Chamber of Commerce, and D. A. Bandeen, secretary to the border city civic body, and other directors of the organization. A definite outline of plans for the coming convention will be made at this conference.

SLUMPING SPUDS RETAIN ONLY MATHEMATICAL LEAD

EXPORTERS SPLIT TWIN BILL AND BUFFS GAIN BY BEATING PANTHERS SECOND IN A ROW

(By the Associated Press)

There is no indication that Uncle Claude Robertson, boss of the Beaumont Exporters, has any intention of changing his mind. He and James Cato Galloway were joint owners and co-managers of the Spudgers since a few years ago. Jim's Spudgers still are in the 1929 Texas League flag, and there is a fine large chance of that very thing, much of the blame can be laid to the door, as rather, that of Claude's hesitations.

In a series at Wichita, just before the season was over, the Exporters gave the Spudgers a beating. It cost the Spudgers the first half of the Twin Bill. It seems, might have been sufficient to prove that Claude was not doing his former job as well. When the Spudgers have done to Jim's Spudgers the last two days was, you might say, successful.

By splitting yesterday's twin battle at Stuart Stadium, winning the first, 3 to 1, and dropping the second, 4 to 1, the Exporters pulled the Spudgers down into a tie with the Buffs, who were taking their second straight from Fort Worth, 1 to 0. Today is the first time in some 46 days that the far north city has not had undisputed hold on the top.

The even break gave Galloway's nine a record of seven losses in nine games since hitting the road. It wiped out the last of the six-game lead with which it departed Wichita. The loss of Bennett, slugging de luxe, and a weak spot at third base have cost.

Galloway's twin bill by two ex-big leaguers, Phil Rhee and Ed Stener, featured the Buff's valuable victory over the Cato. Rhee got the edge when he allowed the Panthers only four safeties while Stener was giving up five. Pepper Martin was the only member of either club to get two hits.

The crashing Steners made it eight wins in their last nine starts by tumbling the Indians, 5 to 2 and 9 to 7, in their double-header. The first half change were only two and one-half games from the summit today and driving hard.

Shreveport slid into fourth place by dividing a pair with the Cubs. Pratt's shoggers drove Collier, previously unbeaten, from the hill in capturing the first, 13 to 8. There were six homers during the melee. Thompson hurled the Sports to a 7 to 2 decision in the second after relieving Tuers.

UMPS TO ANNOUNCE PLAYS ON MICROPHONE HOOK-UP

New York, Aug. 25.—(AP)—Umpiring behind the plate and announcing probably will be one and the same job hereafter at the Polo Grounds, as they always have been in the smaller leagues of the land. The merger of the two posts at the home of the Giants, if accomplished, will be due to the installation of a loud-speaking device, which was tried out yesterday and Saturday.

At the Sunday game between the Giants and the Pirates, Cy Rigler, the heretofore-built umpire, adjusted his mark at the plate, touched a metal disk with his spikes and sent his announcement of the batteries to even the most remote sections of the vast baseball plant through a series of amplifiers. A wire connects the umpire's spikes with a microphone in his mask. The spike, touching the metal disk in the ground, forms contact with a wiring system which carries the voice of the speaker to amplifiers throughout the park. Balls and strikes are to be called over the network.

HOME RUN SMASH GIVES OIL FIELD TEAM VICTORY

A four-base blow with bases jammed was the determining factor that won an outright game for the Pampa Petroleum Company team over the strong Fargo club yesterday. The score was 6 to 3, and all the runs were made in the first two innings. The game was played over their defeat last Sunday at the hands of the North Stars, knocked their seventh and took advantage of a trio of errors to smash Pitcher Dunsen for a victory.

Gene Townsend, Phillips hurling ace, allowed two safe blows in the course of the game. Fargo's three runs came in the first frame, but they were snuffed out in the second when the Oilers chased across their local to six. With the bases loaded, "Buddy" Thornton, Phillips third baseman, sent one beyond control for a circuit trip.

WESTERN WOMEN GOLFERS TO BATTLE OLD CHAMPION

Cleveland, Ohio, Aug. 25.—(AP)—One hundred and fifty feminine golfers from ten scattered states today headed the picturesque and tricky Mayfield Country Club course in a determined attempt to end the two-year-old reign of Mrs. Harry Pressler, poker-faced shot maker from the San Gabriel Club of Los Angeles over western women's golf.

The field was not as large as those the champion conquered to gain her crown, but it had a liberal scattering of stars who were certain to give her the battle of her brilliant career to retain the title.

RECORD CROWD ATTRACTED BY GRUDGE GAME

Cubs and Reds, However, Be- have Nicely and Merely Play Baseball in Meeting Which Was Expected to See Renewal of Fistic Battle.

(By the Associated Press)

The long-awaited grudge-meeting between the Reds and the Cubs came off in Cincinnati yesterday, but hardly as advertised. Lured by threats and counter-threats of what would happen when Messrs. Wilson, Kelp and Donohue found themselves once more within the confines of a single ball park, even so rowdy a ball-ground as Redland Field, 38,492 citizens appeared before the turnstiles with cash in hand. After all they had been led to hope for, they saw nothing but two very business-like ball games played by peace-loving men who apparently do not even know how to make a hostile gesture.

Red Lucas was the opener for the home team, 5 to 3. His seventeenth triumph of the season, but Guy Bush turned the tables for Chicago in the eighth, winning his eighteenth game 10 to 1.

The even break enabled the Cubs to stretch their margin half a game to 13 full contests as the Pirates again bowed to the Giants, this time 10 to 5.

Lester Sweetland pitched the Phil- lies to a 4 to 0 triumph over the Rob- bis in Brooklyn, allowing only four hits, and Willie Saenger shut out the Braves in Boston by an identical score while allowing five hits.

After 32 scoreless innings, master minds of the Yankees devised a plan for getting runs across the plate, at once simple and effective. It was merely to have Mr. Ruth step to the front and hammer the ball out of the lot, which he had neglected to do for some days until yesterday.

Putting this plan into operation against Wally Stewart in the fourth and sixth innings at Sportsman's Park yesterday, Ruth smacked the Yankee string of scoreless innings and lifted his personal home run total from 33 to 35 but failed to win the ball game, which the Browns did at the expense of Roy Sherid, 3 to 2.

The Athletics also lost when Al Thomas allowed just four hits to win 3 to 0. It was three out of four for the White Sox over the leaders, who now have dropped six of their last eight.

Detroit finally won from Washington, stonking the Senators, 5 to 7 in 11 innings at Navil Field, and the Indians divided a double-header with the rejuvenated Red Sox. Cleveland took the opener 5 to 4 and Boston the nightcap by 5 to 3.

MONTE BLUE NOW PLAYING IN "GREYHOUND LIMITED"

The redoubtable Monte Blue is again starred by Warner Bros. as a railroad engineer. The picture is "The Greyhound Limited," which comes to the Pictorium Theater today for a run of two days.

The story of this lightning speed melodrama was written by Albert Howson and scenarized by Anthony Goldway. Howard Bratherston, who has directed other Monte Blue successes, directed "The Greyhound Limited." The cast includes Edna Murphy, Grant Withers, Lucy Beaumont, Eric Shields, and Lew Harvey. The story is an interesting version of the eternal triangle, the principals being an engineer, his fireman, and a blonde waitress at a railway lunch counter.

Monte, the engineer, boards in the home of the fireman, whose mother is distressed over the fascination the girl has for her son. She asks Monte's help, and finding all other ways fail, he woos the girl from his pal, who, angered and chagrined, takes to drink, loses his job, and is finally framed for murder by the gangsters with whom he has become associated. The lad is sentenced to be hanged and it is Monte's duty to free him. This he does, after hair-raising adventures with highwaymen, runaway trains and many other powers. "Greyhound Limited" is Monte Blue at his best—which is very good indeed.

"THE LEATHERNECK" TO OPEN HERE WEDNESDAY

There are no more fascinating figures in American history than the "Devil Dogs," or "Leathernecks," of the United States Marine Corps, therefore it is safe to predict that "entertainment of unusual interest" will be found in "The Leatherneck," William Boyd's new Pathe star picture, which comes to the Vernon Theater Wednesday.

"The Leatherneck" tells a human, intensely dramatic tale of three Marine buddies and of their adventures in parts of Russia and Manchuria. Against this varying and colorful background the story carries its loyal trip through romance, comedy and drama which, at times, reaches spectacular heights.

A key to the novel situations with which "The Leatherneck" abounds is found in the manner in which the story is told. The exact form of telling is withheld in advance, but it is said that the interest is caught with the opening scene and firmly held until the unexpected climax.

LARGE ENTRY LIST IN WRIGLEY MARATHON SWIM

Toronto, Ont., Aug. 25.—(AP)—Four hundred and nine entries have been received for the Wrighley 10-mile open marathon swim in Lake Ontario on Wednesday.

The 49th entry was from a trapper, Henry J. Dallmeyer of Fond du Lac, Wash. The lists had been closed before his entry was received, but an exception was made in his case because the last mail reached his cabin in May. He had travelled 7,000 miles to file his entry, unaware the list had closed.

The first five finishers in the women's 10-mile swim last week automatic qualified for the open mar-athon, but present indications are only Ruth Tower of Denver will com- pete. The winner, Martha Norrell of New York, announced she will not start.

"THE GLAD RAG DOLL" TO OPEN AT VERNON FRIDAY

In her first comedy role on the screen, Dolores Costello, Warner Brothers' beautiful star, is reported to have one of her biggest successes. The picture, "The Glad Rag Doll," which comes to the Vernon Theater on Friday for a two-days' engagement, is a Vitaphone all-talking production, written by Harvey Gates and adapted by C. Graham Baker. Mich- ael Curtiz, who directed Miss Costello in two of her recent dramatic roles, in "Noah's Ark" and "Madonna of Avenue A," is in charge of the filming of "The Glad Rag Doll."

Miss Costello's role is that of An- nabel Lee, a Broadway musical com-edy actress, who has become engaged to Jimmy Fairchild, younger son of a proud and wealthy family which objects to an actress for his wife. When John Fairchild, the elder brother, who is discharging from the army in which she is appearing when she refuses to give Jimmy up, she arms herself with Jimmy's burning love letters and goes to the family home in Philadelphia. As she threat- ens to give the love letters to a newspaper if the family continues ob- jecting to her, John reluctantly in- vites her to spend the week-end, hop- ing to gain possession of the letters.

"BEWARE OF BACHELORS" COMING TO PICTORIUM

"Beware of Bachelors," the War- ner Bros' picture which comes to the Pictorium Theater Wednesday, is one of the sprightliest laugh hits of the year.

Audrey Ferris and William Collier, Jr., have the leading romantic roles in this travesty of newlywed life, which is Robert Lord's adaptation of a Mark Canfield story.

Andre Beranger scores one of the biggest hits of his career as the lov- elorn perfume maker, his rare com-edy characterization winning hearty laughter at every turn. Margaret Liv- ington and Clyde Cook also appear to advantage.

Roy Del Ruth's deft direction in the many farcical situations adds sparkle and levity to the production.

FAVORITES TO MEET IN BOUT

CUBAN NEGRO AND BRONX IDOL WILL STAGE BATTLE THURSDAY NIGHT

New York, Aug. 25.—(AP)—Two of the reigning sensations of the flaic industry get together this week. Kid Chocolate, great Cuban negro featherweight, and Al Singer, a "test- and Benny Leonard" to his Bronx friends, meet in a 12-round bout at the Polo Grounds on Thursday night with expectations of a \$200,000 gate.

Chocolate's career in this country has been one continuous string of victories over bantams and feather- weights. He never has been beaten although Joe Scalfare, hard punching New York bantamweight, gained a draw with him.

Singer stepped along the flaic trail much the same way until the night he ran into Ignacio Fernandez and was knocked out in Jamaica. After that reverse, he came back better than ever, knocking out Andre Raulin, featherweight champion, among ob- featherweight champion, among oth- ers.

The two youngsters meet at 125 P. M. pounds with prospects Chocolate will be outweighted by about four pounds.

Big Crowd Greet Barthelmess Here in Latest, "Drag"

Richard Barthelmess, First Na- tional Vitaphone star, again registers a talking picture, his work "Drag," his newest starring vehicle, which opened yesterday at the Vernon Theater before an enthusiastic audience.

Following "Weary River," Barthel- mess has done another fine dramatic portrait in "Drag." His voice strengthens our belief in his even greater potentialities as a dramatic star of the first magnitude. The dia- logue is written with subtlety and human understanding. And the story is simply, effectively and logically told.

"Drag" concerns a young news- paperman who goes to a small town to take over the local paper. He is also ambitious to become a composer of operettas. In the small town he meets a young girl, finds himself engaged and then married to her. But, un- wittingly, he also finds himself sup- porting her entire family. How they keep dragging the young man down, how he struggles against it, how he finds sympathy and encouragement from an unexpected source — these form the framework of the story. The unexpected source, by the way, is that very charming dark-haired beauty, Lila Lee, while Alice Day, blonde and appealing as ever, plays the wife whose love for her relations is greater than her love for her husband.

JONES IS GIVEN FIRST POSITION

HOLDER TWO GOLF TITLES IS GIVEN PREFERRED RATING IN MEET

New York, Aug. 25.—(AP)—Bobby Jones again heads the needed list for the National amateur golf cham- pionship to be played at Del Monte, Calif., next month.

The United States Golf Association announces Jones, open and amateur titleholder, has been ranked No. 1 in the list annually compiled for the purpose of seeding the draw for the championship's match play rounds. Two lists of ten names each were prepared. The second, arranged in alphabetical order, is for use to fill in vacancies in the first ten occa- sioned either by failure to compete or failure to qualify. Eight players are to be seeded. One of these will be Cyril J. H. Tolley, British amateur champion.

The first ten players:
Robert T. Jones, Jr., Atlanta;
George Van Elm, Detroit; George Voigt, New York; Francis Olmet, Boston; Jess W. Sweetser, New York; Harrison R. Johnston, St. Paul; Dr. O. P. Willing, Portland, Ore.; Donald Mac, Portland, Ore.; Phillips Fin- lay, Redland, Calif.; F. J. Wright, Jr., Boston.

The second ten, in alphabetical or- der: Fay Coleman, Los Angeles; Frank Delp, Portland, Ore.; Charles Evans, Jr., Chicago; Jesse P. Guilford, Boston; Watts, Gunn, Pitts- burgh; Eddie Held, New York; Eugene Humans, New York; J. J. Mc- Hugh, San Francisco; Jack Neville, Del Monte, Calif.; Don Stein, Seattle, Wash.

SOCIETY

Jean Massie Is Honoree at Party Given Saturday

About 50 little guests were delightfully entertained Saturday afternoon, when Mrs. F. L. Massie honored her daughter, Jean, on her seventh birthday with a party at Allingham Park. Games were played throughout the afternoon, after which refreshments of ice cream, cake, and candy were served the guests.

The feature attraction of the entertainment was the cutting of a large birthday cake, which was most beautiful with three tiers in pink and white, topped with seven candles. The cake was a gift to the little honoree.

Assisting Mrs. Massie in entertaining were: Mrs. L. E. McCurdy, Mrs. Dale Shive, Mrs. J. D. Hagler, Miss Lucille Stover, Miss Polly Lisman, Miss Josephine Flaniken and Miss Mary Jeannette Bennett.

Week's Review of World News Shows Variety of Happenings, Jewish Riots to Zep Flight

(By The Associated Press)

World news of the week presents a patchy picture of success and failure in human relations, while the Graf Zeppelin roaring triumphantly over the Pacific makes neighbors of the farthest nations of the earth.

The Graf arrived over California late Sunday night on the next to last leg of its epochal circumnavigation of the world. Leaving Japan Thursday, nearly a week has been cut from fast steamship time across the greatest of oceans.

A sorry picture faces the world in Palestine, Biblical land of peace. Less disturbing situations exist at the Hague reparations conference and in the Far East.

Trouble broke out in Jerusalem on Friday between Jews and Moslems over the old controversy of the Jews right to worship undisturbed at the wailing wall, last fragment of Solomon's temple, and before martial law could be clamped on more than fifty Jews and Arabs were killed and 150 more wounded.

Nothing short of international actions seems likely to bring solution of the problem of the holy places in Palestine. Under a mandate from the League of Nations, Great Britain is responsible for order in the country.

In Europe, rather than in transatlantic relations, the past week brought encouraging developments toward disarmament, compensating somewhat for the continued failure of statesmen at the Hague to reach agreement on the liquidation of ten-year-old war problems.

Definite announcement was made that Prime Minister Ramsay MacDonald would visit President Hoover in Washington during October to discuss naval power problems preparatory to another world disarmament conference late this year or early in 1930. In Great Britain as well as

in the United States opinion seems anxious to have the job tackled. Even after three weeks of deadlock and delay at The Hague, it is perhaps still too early to give up hope the statesmen there will not accomplish the task they set out to do. Reparations conferences have more lives than a cat.

French, Italian, Belgian and Japanese delegates are working on the draft of a new offer which it is hoped will be satisfactory to British demand for a larger share of payments under the Owen D. Young reparations plan. This situation remains the dominant problem of the conference.

The Russo-Chinese situation in Manchuria has settled down to a campaign of rival propaganda. China, for the moment, seems to have the advantage, having broadcast to the world early in the week that her territory had been invaded by a Russian army of 40,000 men. As yet this army hasn't been located in China.

Jail Equipment Arrives.

Equipment for the new city jail, located in the basement of the new municipal building, arrived this morning and is being installed today. The equipment, which consists of heavy steel cells, was purchased from the Southern Prison Company, of Dallas, at a cost of \$1,500. When this is installed the new municipal building will be fully equipped and furnished.

Oratory as Such Is Unknown Art in Facist Italy

Capri, Aug. 28.—(P)—Fascism has done at least one great thing for Italy. It has practically cut out after dinner oratory.

This was bluntly apparent to everyone who attended a National Touring convention here, designed to "boost" central and southern Italy, and the islands of Sicily and Sardinia, as excursion centers. The meetings were presided over by Filippo Pennavaria, under-secretary for railroads, and the way he brought the would-be speakers to the point was a caution.

One by one the representatives of the various regions began to descend upon the natural beauties of the sites they proposed to exploit. "Bang" went the gavel.

"We all know about the beauties of Amalfi, and a lot about its history," His Excellency Pennavaria would bark. "What we do want to know is what you've done about roads, better sanitary conditions, and regulation of hotel prices. If you have anything to say on those subjects we'll listen; otherwise not."

"Please remember, gentlemen, that we are under Fascism, which believes in nothing but results."

To Meet Tonight.

A regular meeting of the American Legion and Auxiliary will be held tonight at 8 o'clock at the Legion Home. The evening will be devoted to discussions of routine business.

TAXING THE PASSENGER BUS

Numerous protests are being heard over the United States against the tax placed on commercial buses. Needless to say, in most cases it is bus operators that are doing the protesting and it seems they have the opinion that they should be allowed to operate their vehicles with no greater tax, at least with one a slightly higher levy, than is fixed on the average passenger automobile.

The injustice of their claims is patent. Every day buses are being built larger and more commodious. The latest models weigh several tons, and have the appearance of motorized railway cars. In fact the current issue of a popular magazine carries pictures and a feature article about one great bus operating company that has launched a bus service with sleeping accommodations, bath room, and other conveniences that are found on the most modern trains. In other words they are operating trains over public highways, built and maintained at public expense. It is needless to say that these gigantic vehicles are certainly not good for the roads, and if they are taxed in proportion to the damage they do they must be taxed highly.

To permit the bus companies to appropriate public highways for their use without paying a fair price for them is unfair to other carriers. The railways go to a great expense to construct their right of way, and then they pay taxes on this prodigious investment, as well as the rolling stock which they must have. Now we see commercial aviation companies equipping airports at great expense and paying taxes on them as well as on their planes. These carriers must compete with the bus companies, which if they are allowed to operate on public highways without fair payment for the privileges, really are operating on a public subsidy.

No one can reasonably argue that the bus companies merit a subsidy. That their business is profitable is attested by the number of companies found in the field, and the rapidity with which they extend their lines, as well as the number of passengers they carry. Three billion were carried last year.

Because the bus companies have little other property than their rolling stock, a heavy tax must be levied against them unless they are to operate on a subsidy. Their levy is not extended over a huge investment.

ACCOMPLISHMENT COUNTS

An editorial observer of considerable reputation points out that the theory that experience enhances a worker's value to his employer is often wrong, particularly when it concerns executives. His argument that years of experience often encourages one to do the things in the same way day after day with no effort to make improvements is hard to refute.

Experience may be of little value to the individual unless he capitalizes it to his best advantage. Efficiency and efficacy are required in modern business, and the employee, whether he is laborer or executive, must produce.

The man of most experience is not always the most efficient, and it might be added the one who works the longest hours need not necessarily do the most work. Here again efficiency counts. In this day of high-speed business records and effort are given little consideration because they do not appear on the ledger.

When the young man starts out in life, if he is wise he will do more than throw himself into his work without regard to hours. He will see that every effort is well directed. Long hours, of course, increase one's opportunity to improve himself, but as a matter of fact the average working day is usually ample to exhaust the average person's capabilities if it is utilized as it should be. The fellow who spends long hours in the office does not always learn more about the business and do more for his employer. Of course if he applies his talent and profits from experience proportionately equal to his co-worker with a stricter regard for working hours he may be expected to accomplish more for himself and for his company. Argument favoring the long hours may be found in the fact that the fellow who works overtime usually rises above his co-workers. However, it need not necessarily be the long hours that accounts for his success. The fact that he works longer hours usually indicates an unusual interest in his work and his success in it. No doubt the person who spends several hours a day working over time is, as a rule, applying himself better and appraising methods and results much more closely than the so-called clock watcher.

The same application and attention doubtless would have almost identical results if the worker spent more hours at recreation and attack his work with more enthusiasm and a clearer mind each day. After all, accomplishment counts these days. Experience, hours, and methods are only secondary.

AUGUST RAIN IS AHEAD OF 1928

SEPTEMBER OF LAST YEAR FAILED TO SHOW ANY PRECIPITATION

Rainfall in Vernon for the month of August this year has already exceeded the total for the corresponding month of 1928, U. S. Davis, local Government weather statistician, points out. A total of .83 of an inch of rain has fallen here this month, as compared to .46 for the entire month of August last year. In August of 1927, the total precipitation was 1.83 inches.

Precipitation in July this year totaled 4.07 inches as compared with 1.81 inches recorded in the same month of 1928. In 1927 the July rainfall totaled 1.98 inches, all falling at one time, July 13.

The records show four rains making up the total of 4.07 inches during the July of this year, 2.05 on July 1, 1.45 on July 18, .14 on July 19, and .4 on July 20.

The record for August shows .68

on the 7th, .03 on the 8th, and .12 on the 11th.

There was no rain in September of 1928, but a total of 3.50 inches was recorded in September of 1927. It started raining on October 2 in 1928, and 1.88 inches during the month.

These figures indicate that, other things being equal, agricultural conditions will be better this year on October 1, than they were last, even if no rain falls between now and then.

Society Take Up Tattooing Paris, Aug. 26—(AP)—Tattooing by real artists is the rage among stage and society folks. A shooting star has been engraved on the arm of a poet and a starfish indelibly fixed on a dancer's neck. Landscapes are especially in demand for some fair skins. Above all the designs must be artistic.

VERNON BEATS QUANAH 7 TO 6

LOCAL TEAM MAKES BETTER FIELD RECORD AND WINS VICTORY

Bunching their hits and taking advantage of a number of errors, the Vernon diamondmen, composed of stars of the Vernon Sunday school league, won a 7 to 6 victory over the Quanah team on the Box School field southeast of Vernon.

Bert Williams hurled a fair game for the Vernon team, allowing five hits. Good support in the field, with the exception of a brace of errors, saved scoring on the part of the visitors, who handed the Vernon club a 10 to 6 defeat when the teams met on the Quanah field last Sunday. Dillon, pitching for the invaders, was off form and was given poor support.

The game yesterday was the fourth that the Vernon team has played since their organization, and the third victory. The team will meet Fargo here on the City Park diamond Wednesday afternoon. Last Thursday Vernon won a decisive victory over the Fargo men, who had defeated the Phillips Petroleum Company team the previous day.

British Chancellor Studies New Recommendations Made by Four Powers in Effort to Meet Demands for Greater Share in German Reparations

The Hague, Netherlands, Aug. 26. (P)—Philip Snowden, British Chancellor of the Exchequer, today had under consideration a new offer of France, Italy, Belgium, and Japan designed to fulfill British demands for an increased share of German reparations.

Experts of the four powers estimated the offer represented 75 per cent of the amount which Mr. Snowden has been demanding, although in British quarters there was some doubt as to whether it represented that high a proportion. In French circles it was made known the offer was regarded as the last concession toward the British stand the four powers would make.

The new proposal, delivered late last night in writing, was assumed here to have been found worthy of close examination by the British Chancellor at least, and this has given rise to renewed hopes among die-hard optimists at the conference.

FOREST FIRE SITUATION IN OKLAHOMA IS GRAVE

Broken Bow, Okla., Aug. 26.—(P)—With seven new blazes reported during the week-end, the forest fire situation in southeastern Oklahoma today reached its most serious proportions since the outbreak nearly a month ago.

While seven new fires were reported, only two of the 23 old ones were being brought under control.

Moody Refers Trip. Austin, Aug. 26.—(P)—Governor Moody changed his plans at the eleventh hour last night and decided to defer his visit to the American Legion convention in Port Arthur until tomorrow. He decided to attend a meeting of the State Canvassing Board, which will check the vote on the two proposed constitutional amendments submitted in a special election on July 16 and declare the result.

MANY TYPES OF AIRCRAFT IN CARNIVAL AT CLEVELAND

Cleveland, Ohio, Aug. 26.—(P)—The scheduled close of the first women's derby ever flown marked the second day's events at the national air races today while the giant checkered pylons at Cleveland airport again became the markers for crack pilots of the country banking their planes to the straightaway in the closed course races.

The lady birds led four other derbies from widely separated parts of the country toward the municipal airport from Columbus, Ohio. The Portland, Ore., men's derby pausing overnight at St. Paul and another derby stopping at Elko, Nev., on the way from Oakland, Calif., accounted for the western flights.

From the south the men's derby starting at Miami Beach, Florida, reached Birmingham and the all-Ohio derby, quartered for the night at Columbus, pointed northward for the landing today at the close of a swing through the state starting yesterday afternoon. A fifth major derby of the races begins tomorrow at Philadelphia. Four others will be held during the races, among them the non-stop dash from Los Angeles, which may be flown singly or in groups, as the pilots wish, and at any time they desire to start.

Along with the derbies and the closed course races armed air forces of the United States entered the program with formation flying, including intricate maneuvers of offense, bombing movements and full-power dives used in "trench strafing."

Another feature of today's events was formation cruising by three blimps sent from the Goodyear Tire and Rubber Company in Akron, as well as parachute jumping, automobile-towed glider contests, a new event for the races, and another innovation, stunt flying formerly permitted only among service flyers in governmental service but opened this year to outsiders ordinarily held to circumspect flying by aeronautical laws.

Chief attention today went to the lady birds, who won out after eight days of flying over deserts, mountains and the mesquite wastes of the Southwest on the long flight from Santa Monica, Calif. The National Exchange Club, sponsors of the flight, announced a banquet tonight for the fourteen women remaining of the 19 who took off.

Tragedy which converted the race into a grave undertaking made itself felt today in memorial services for Marvel Crosson, plucky Los Angeles aviator, who was killed in an attempted parachute jump when her plane failed early last week.

Plane Leaves for Cleveland. Los Angeles, Aug. 26.—(P)—Lee Schoenhair took off here at 12:35 a. m. today for Cleveland, first of the non-stop Los Angeles to Cleveland national air race flyers to leave. He hoped to make the trip in twelve hours. Five other entrants in the \$10,000 race last night announced they would not start until tomorrow.

Mr. and Mrs. W. T. Lofland and children, Mary Earl and Billy, returned last night from Boulder, Colo., where they have been spending the summer. Mr. Lofland attended the summer term of the University of Colorado.

BIGAMOUS WIFE SLAYS MATE ON REPORT OF ARREST

Mexico City, Aug. 26.—(P)—Senora Marie Teresa de Landa de Vidal, "Miss Mexico" in the 1928 Galveston beauty contest, was in a prison cell today, having shot and killed her husband, General Moises Vidal.

After reading in a newspaper that she and General Vidal were to be arrested for bigamy, she procured his heavy pistol and turned it on him, firing six shots which killed him almost instantly. She then turned the gun at her own head but its magazine was empty.

Police arriving found her prone on the body of her husband crying hysterically:

"I loved him dearly."

She told them the newspaper article was the first intimation she had Vidal was married already when he won her heart after she had failed to win the Galveston contest.

The first Senora de Vidal, Marie Teresa Herrejon, lived in Cosamaloapan, Vera Cruz, with their two daughters.

Texas-Oklahoma Boundary Lands Matter Studied

Austin, Aug. 26.—(P)—Texas-Oklahoma legislative committees considering solution of the boundary dispute between the two states met here today to continue deliberations. The Supreme Court of the United States fixed the line in the Panhandle part of Texas between the states, and by its location Texas was given about 28,000 acres of land which had been considered Oklahoma's.

Oklahoma wants to retain this acreage, and the occupants want to continue as citizens of the Sooner state. A proposition to purchase the land has been made to Texas. If the Texas Legislature votes to sell the area to Oklahoma, the two states must enter into a compact which will be submitted to the National Congress for ratification.

The Texas committee will submit its recommendations to the special session of the Legislature next fall or winter, whenever it meets. Sentiment on the committee is divided, some members desiring to keep the acreage.

(Continued from page 1)
for an additional half month's term, he pointed out. Heretofore sufficient aid has been granted to enable the schools qualifying to operate six months on state and county money, and use special tax funds to prolong the term as desired. This year the aid will be sufficient to run the school six and a half months on state and county funds, this change being made in what was termed the regular state aid law.

Requirements for aid for industrial courses have been changed this year, in that no aid is granted unless the school has three teachers. Aid formerly was granted when the school employed as many as two teachers. The supervisor said that experience has proven that a two-teacher school cannot give industrial work successfully.

Mr. Clark went at length into aid granted for consolidation, discussing it under four subdivisions. Schools consolidated since September 1, 1922, can obtain aid for operating a truck, he pointed out, provided being made for the state to pay half the expenses.

Where consolidated schools with more than 300 students, the limit formerly fixed for consolidation, take in smaller districts and the average number of scholars for unit of consolidation is less than 200, aid will be granted the same as if the scholars totaled less than 300.

This year aid is also granted for temporary consolidations. If smaller schools decide to transfer their school to a larger school for one year only, they are eligible for the same amount of state aid due them under the regular state aid law.

Big consolidations under the county grouping plan are granted the \$500 aid allowed per unit as heretofore given. Each district consolidated for high school purposes, as approved by the County Board of Trustees and State Department of Education, is allowed \$500.

Continuing the program this afternoon, the group met at 1:30 and heard addresses by County Agent R. E. L. Pattillo and Home Demonstration Agent Emma Gunter. Mrs. John Knapp delivered an address taking for her subject, "The Parent-Teachers Association in the Rural Schools". Mrs. Knapp is chairman of the County Rural School P. T. A. District Attorney John Myers and P. M. McKinley, secretary of the Vernon Board of Trustees, were to appear on the program for the afternoon, after which a general discussion, led by County Superintendent Ercell Brooks, was to close the day's program.

New York, Aug. 26.—(P)—The cotton market opened steady at an advance of 1 to 12 points in response to steady cables and reports of continued dry weather in the south. The weather map seemed to afford encouragement for expectation of showers in the Southwest and prices eased off after early demand had been supplied.

By the end of the first half hour active months were about 3 to 6 points net lower under liquidation and local selling while there was also selling here for New Orleans account. October sold off from 18.61 to 18.45; and March from 19.13 to 19.10.

Reactions from the early advance carried the market off to 18.42 for October and 19.02 for March, making net declines for about 5 to 9 points. The official forecast, however, failed to encourage the hope of showers in the Southwest, and the market steadied later on covering.

Mid-day prices were about net unchanged to 5 points higher with October quoting at 18.53 and March 19.11.

New Orleans, Aug. 26.—(P)—The cotton market opened somewhat easier despite relatively steady cables. Initial trades were unchanged to two points down compared with Saturday's close. As New York opened higher the local market rallied with October selling up to 18.55, December 18.84 and January 18.88, or 6 to 9 points above Saturday's close.

Towards the end of the first hour prospects for rain in the western belt brought out hedge selling and prices dropped back to levels a few points
